Alienation - Land and Revenue - Kollegal Taluk - Mudigundam village - S.No. 367/2 - Flower garden - Trustee of Mudigundeswaraswami temple - proposals.

S.No. 367 of Mudigundam village, Kollegal taluk, is registered in the accounts as cart-track poramboke. The cart-track is not vested in the District Board. There is no Panchayat Board in the village. An extent of 32 cents in this field was encroached upon in fasli 1347, by one Marappa alias Maridevaru and a flower garden was raised on it. The occupation was brought to B. Memo in faslis 1347 and 1348 and eviction was ordered on 7-4-39. One M.S. Sangan Basappa, trustee of the Mudigundeswaraswami temple in the village, represented to the Revenue Divisional Officer, Kollegal, on 14-5-39 that the above flower garden was intended for the benefit of the temple, that the flowers were being used for the diety there and by the general public for worship and requested that the plot might be alienated in favour of the temple. The encroacher Marappa has given up the encroachment. He has consented to the alienation of the land in favour of the trustee of the temple. The Revenue Divisional Officer, Kollegal, was satisfied that the representation of Sangan Basappa was genuine, and has therefore submitted proposals for the alienation of the land in favour of the temple.

2. The plot proposed for alienation is sub-divided as S.No. 367/2 and it measures 32 cents. Notice inviting objecti if any, to its alienation was published in the village and enquiry held thereafter. There is no objection from anyone. The land is valued at Rs.60/- per acre with reference to the sale of similar lands in the vicinity. At this rate the value of the plot to be alienated comes to Rs.30-2-0 including the capitalised value of assessment. There are no trees on the land. Sangan Basappa has accepted the usual conditions of alienation.

3. I recommend that the plot of land sub-divided as S.No. 362/2 of Mudigundam village may be alienated in favour of the trustee, for the time being, of the Mudigundeswaraswami temple, free of charge for the occupancy right and free of assessment but subject to the usual conditions of alienation and the collection of stone value of Rs.1-2-0.

4. Alienation statements of land and revenue, topo and plotted sketches and a copy of the conditions of alienation accepted by the proposed alinee are enclosed.

for Collector.

I.N.L/16-12-39.

Encs:- Alienation statements of land and revenue.
Topo sketch -- 1.
Sub-division records.
Copy of conditions of alienation.

Conditions of alienation.

General conditions.

(1) The field shall be used for the purpose of flower garden and for no other purpose.

(2) The Government may resume the land wholly or in part with any buildings thereon, in the event of the infringement of any of the conditions of the grant. In the event of such resumption no compensation shall be payable for any improvements that may have been effected, or other works that may have been executed on the land by the grantee. If there are buildings on the land the Government may direct the grantee to remove them.

(3) The Government may resume the land wholly or in part with any buildings thereon, if, in the opinion of the Government the land is required for a public purpose or for conducting mining operations.

(4) In the event of resumption under condition (3) if there are buildings on the land, the Government may at their option either

(a) purchase the buildings or

(b) direct the grantee to remove the buildings.

(5) In the event of the resumption of the land followed by the purchase of the buildings under condition (4) or in the event of the acquisition of the land for any reason the compensation payable for buildings or other improvements shall in no case exceed the initial cost or the value at the time of resumption or acquisition, whichever may be less, of any buildings erected or other improvements effect on the land by the grantee in accordance with the terms of the grant.

(6) In the event of the grantee refusing to remove the buildings, when so directed under condition 2 or 4 the Government may remove them and realise the cost of removal by the sale of the materials.

(7) In the event of the voluntary relinquishment of the land by the grantee, no compensation shall be payable for any improvement that may have been effected or other works that may have been executed on the land by the grantee.

(8) The market value of the land shall be collected if at any time it is found that the alienee derives a substantial income

from it.

(9) The Government reserved to themselves the right to all sandalwood trees and their branches and roots which may grow subsequently on the land and the Government shall be at liberty to cut or dig out any such trees or their roots and branches and remove them from the land and dispose of them at their pleasure. The alienee shall not be entitled to cut or remove them or cause them to be cut or removed without the permission of the Collector of the district.

(10) The alienee shall take all reasonable measures to the satisfaction of the Collector of the district for the protection of the sandalwood trees from theft or damage and for the careful protection of the immature trees growing on the land.

(11) The ~~alinee~~ alienee shall take steps to see that the marks made by the officers of the Government on the sandalwood trees are preserved and are not tampered with.

(12) In the event of the infringement of, or failure to observe, any of the conditions (9) to (11) the alienee shall pay to the Government such compensation as is determined by the Collector of the district for any loss or damage caused by such infringement or failure on his part. The Government shall also be at liberty to resume the land and re-enter on it and the whole land shall thereupon vest absolutely in the Government. In that case, the alienee shall not be entitled to any compensation whatever.

Special conditions:-(1) The site shall not be used for the private benefit of the alienee nor shall he lay anyclaim to it.

(2) The land shall not be alienated without the previous permission of the Collector.

(3) The grantee shall maintain the flower garden in good condition and to the satisfaction of the Collector.

(4) No building shall be constructed on the site without the previous permission of the Collector and no compensation shall be payable in the event of resumption or acquisition for any buildings erected without such permission.

(250) Full land revenue or groundrent shall be levied if at any time any net income is derived from the land or if any of the conditions of alienation are infringed. In the latter case the land revenue or ground-rent shall be levied from the date of infringement.

(6) The alienee agrees to pay stone value due on the land.

16/12

(7) The alienee shall not interfere with the course of the channel running through the land applied for alienation.

R.F. XVIII-B-4—4,588—20-12-21.

The Mudigundeswaraswami temple is in S.No. 197-A-13-A or Mudigundam village and this field is registered in the accounts as natham poramboke It is at a distance of about 5 furlongs from the flower garden. The temple is marked in the fresh topo sketch enclosed.

2. The site of the temple has not been alienated at any time before. It is reported that the temple was rebuilt by one Sivappa about 40 to 50 years ago. This Sivappa's adopted son, M.S. Sanganbasappa is the present trustee of the temple. Though the temple was built by an individual it is being used by the public.

3. The sketch etc. received from the Board are resubmitted.

Alienation - Land- Rev- Coimbatore- Kollegal taluk - Mudigundam village. Ryotwari - S.no. 367/2- Flower garden - Trustee of Mudigundeswara swamii temple- Proposal B.S.O. 22(1) P 100 Box (68)

E 78299 [Collr. of Coimbatore Rc 7435-39 dt 13.12.39]

E 1622.40 [do do dt 12.3.40]

E 3365.40 [do do dt 10.6.40]

Sketch at file.

To AS (LR)

The Collr. of Coimbatore recommends the alienation of 32 cents of Cart track poramboke, now subdivided as S.No. 367/2 of Mudigundam Vge. Kollegal taluk - in favour of the Trustee for the time being of Sri Mudigundeswara Swami temple for a flower garden. The Cart track does not vest in any local Body. There is no objection to the alienation from the traffic point of view.

2. The site was already encroached upon in Fasli 1347. By one Karappa by raising a flower garden and the occupation was brought to B Memo and ordered to be evicted. The Trustee of the temple, however represented that the flower garden was for the benefit of the temple and for the general public and requested the alienation of the site. The encroacher has no objection to the alienation of the site in favour of the trustee for the time being of the temple for the flower garden. There is no objection to the

DO

alienation from the villagers and there are no trees on the land. The R.D.O. Kollegal inspected the site and found that the trustee's representation was genuine. The market value of the land is Rs. 19.3.0 and the capitalised value of assessment is Rs. 10.15.0. The proposed alienee has agreed to abide by the conditions of the alienation including the condition that he will not interfere with the drainage channel running through the land. The proposal is complete. The full Board may sanction the alienation for the land value and of land revenue.

3/. The Collector reports that the temple proper lies in S. No. 197. A - 13. A - registered as nathaam poramboke and that it is at a distance of 5 furlongs from the site proposed for flower garden. He also states that the temple was rebuilt some 50 years back by the adoptive father of the present trustee of the temple and that the site occupied by it was not alienated previously. The Collector may be requested to consider the question of alienation of the land occupied by the temple to the trustee and to submit proposals to the Board, if necessary.

A may be approved by the Board & B by Mr 2

Kn 26/6/40

26/6

CB 5.6.40

It is this an unreasonable warning of the contract & that it should be refused. 917

Mr 4.

M/

This puni is granted a width of 5 links with left. I would accept Collr's proposal.

I do not think that we can go behind the Collr's statement that there is no objection to the alienation. B. The alienation is a 43' punja. There is a 43' punja. I think the proposal may be accepted anyhow.

I wonder if 367 really is a cart track. The village map shows it at the detour of a stream, when this stream enters Kuthandan village it joins other streams shown as big. To the South of 366, the cart track does not exist. A path along the right of the stream in Survey No. 367 leads to Kuthandan & is shown on the municipal road along the western edge of the village. Also at the spot where the cart-track joins it is about 2 chains wide

To ASLR

May be circulated to M2 with reference to Sub para 3 of para 40 of the Boards Office Manual

A typed copy of M4's remarks is at ₹ (N)

Extract of M-4's remarks.

(N)

I wonder if 367 really is a cart track. The village map shows in it the detail of a stream, and when the stream enters Mudigundam Village it joins other streams and becomes big.

To the south of 366 the cart track does not seem of great importance either ——— perhaps a path along the dry bed of a stream. The way in use from Bandarahalli to Mudigandam is obviously Via the mention road along the ~~water~~ western edge of the village. Also at the spot asked for the cart tract poramboke is about 2 chains wide and even if this piece is granted a width of 75 links will be left I ~~shall~~ would accept the Collector's proposal.
